Russo leases space to data center

Hackensack developer Russo Development LLC leased nearly 150,000 square feet to a data center in Passaic County. Cervalis LLC, a Connecticut-based firm that provides information-technology services to businesses, signed a long-term lease in January.

Russo Development declined to disclose the terms of the lease, the location, or the town where the center is located. Cervalis is expected to move into the space late this year or early next year.
